## Gross Leaseable Area 2004

Within community plan area boundaries, the Long Range Planning GIS technician took allowable GLA for Planned Development (PD) and applied a formula based on historic patterns for the straight zonings.

Indicators	North Plains	Source
Existing GLA	6,866,210	2
Zoned GLA	22,146,661	2

### Notes:

\* In 2000, the US Census Bureau redefined race. Hispanic is now considered an origin rather than a race. A 2000 category does however remain that can be used to directly compare Hispanic figures to prior Census years. Those numbers are reflected here.
